

# ***MAKE YOUR OWN ENVIRONMENTAL IMPACT.***

**Career-focused.**  
***THAT'S THE POINT.***

## M.A. IN ENVIRONMENTAL JOURNALISM AT POINT PARK UNIVERSITY

Enhance your career with an advanced degree in environmental journalism, grounded in environmental science:

- Build a professional reporting portfolio through Point Park University's partnerships with regional print and web-based journalism organizations.
- Apply coursework from advanced journalism studies and environmental science, lending scientific expertise to your reporting.
- Work with industry-experienced faculty as you research, write and ultimately produce an enterprise or investigative series or magazine-length piece about an environmental issue or trend.
- Study in a cohort limited to 10 students.

Financial aid available.
